

IMPORTANT UPDATES TO CIGNA VISION.

New features and benefits are coming your way.

Healthy vision is important to your overall health. And a routine eye exam is just one of the steps you can take to ensure your eyes stay healthy for years to come. Cigna Vision wants to make sure taking care of your eyes is easy. That's why you'll enjoy enhanced benefits that offer convenience, choice and savings.

What about Cigna Vision is changing?

When your Cigna Vision plan renews, you will be able to take advantage of a larger network and more opportunities to save. You'll also have access to enhanced tools that allow you to search for network providers, estimate costs and even schedule appointments online.*

How has the network changed?

The new network includes more than 24,000 independent provider locations and more than 10,000 national and regional retailer locations for added convenience and savings. Every provider in our vision network is carefully selected to ensure you have the flexibility to choose the right option for your needs. Examples of national and regional retail providers include **LensCrafters®**, **Pearle Vision®** and **Target Optical®**. Plus, we offer online in-network options through **LensCrafters.com®**, **Ray-Ban.com®**, **Glasses.com®**, **TargetOptical.com®** and **contactsdirect.com®**.

How do I find an in-network provider?

You can find an in-network provider by visiting **Cigna.com®** and using the provider locator.

Search for a new provider by using the following steps:

Cigna.com > Find a doctor > Employer or School > Additional Directories > Cigna Vision Directory (Serviced by EyeMed)

You can search for in-network vision care providers by location or by name. Provider results will include additional information, such as languages spoken, office location, office hours, services provided, brands of designer frames sold and more. You can even make an appointment online with providers who offer this service.*

Offered by Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company or their affiliates.

969624 01/23

What if my provider is not included in the new network?

You can still visit your provider by using the out-of-network benefits of your Cigna Vision plan. However, you will need to pay the total amount due at your appointment. To get reimbursed, you can submit a claim form with an itemized receipt. The claim form can be found in the Forms Center of **myCigna.com**[®]. Keep in mind that you'll need to pay for charges not covered under your plan and it generally costs more to use an out-of-network provider. Choosing a new in-network provider will have lower out-of-pocket costs and help you to avoid filling out extra forms.

What else can I do on myCigna.com?

In addition to finding details on in-network providers, you can also estimate costs, access your ID card information, and view details about your plan benefits and claims. You can even access special offers with Cigna Vision retailers and online providers. And it's all available 24/7 in up to 160 different languages.

How will this change affect the timing of my vision benefits, such as an annual exam or the purchase of glasses?

The frequency for how often you can receive specific benefits will not change. Please review your plan information on **myCigna.com** for details.

How will new or recent claims be managed?

All in-network claims will continue to be managed by your provider, who will submit them directly to Cigna. Out-of-network claims will require you to submit a claim form that is available on **myCigna.com** in the Forms Center.

How will I find information about an older claim?

Before your plan renews, you will be able to find your claims on **myCigna.com**. After renewal, please call **1.800.CIGNA24** for help.

Whom do I contact with questions?

Visit **myCigna.com** to review your plan information, or call **1.888.353.2653** if you need help searching for a provider.

* Online scheduling available with select providers.
